Description

To be able to see and receive the 20% IMRF Member Discount, please log in as a member. If you are not a member, please contact us at bookshop@imrf.org.uk.

Once purchased this product, you CANNOT download it from the IMRF website. The IMRF will set up your account at IMO Publishing, or if you already have one, you can go to "My Account/Downloads" on the IMO Publishing website, click "E-books, E-Reader files & Subscriptions" and follow the relevant link.

When purchasing more than one digital copy, a 50% discount applies for each additional copy bought per site (i.e. office, terminal, ship or port) at point of purchase. If you want to order more than 30 copies, please e-mail bookshop@imrf.org.uk.

This syllabus covers the requirements of the chapter III of the STCW Convention and section A-III/4 of the STCW Code. This functional element provides the detailed knowledge to support the training outcomes related to Marine Engineering at the Support Level. It provides the background knowledge and practical work to support: contribute to a safe engineering watch; communicate with the officer of the watch; and use internal communication systems.
